WORK EXPERIENCE

Project Engineer

Wipro Ltd.

07/2021 - Present

Bangalore

Achievements/Tasks

- Assisted in enhancing Chevron's(Client) B2B application that runs on the hybris platform.
- My team was responsible for reducing the loading time of the website. We have successfully reduced the loading time by 50% using lazy loading and code enhancement.
- One of my key duties was maintaining clear communication with the client. Presenting progress reports and serving as a liaison between the client and my team was part of my role. I frequently received appreciation from the client for my proactive communication style.

Web Developer(Intern)

Teceads Solution [🔗](#)

05/2020 - 07/2020

BBSR

Achievements/Tasks

- I developed an app that finds medical practitioners near you and was in charge of incorporating the Google Map API into the app's navigation system.
- I have also gained experience creating several static websites using HTML, CSS, and JavaScript.

Windows & Linux

PROJECTS

Restaurant POS (Billbe) [🔗](#)

- I created a fully operational restaurant point-of-sale software utilizing Java J2EE as the primary programming language.
- I employed frameworks such as Spring and Hibernate (an ORM tool) for streamlined development and utilized ajax for lazy loading purposes.
- I utilized Git for version control and adhered to an Agile development style while following the SDLC approach.

ESPHY Website— Govt. Sponsored

- I developed the static website for the multi-institutional project of IITB.
